## BRYANT BELIEVES IT

He Says He's Sure That Pastor Gib-  
son Killed a Woman.

### HIS STORY OF THE TRAGEDY

However, Little Credence Is Given  
His Statement by the Press,  
Public and Police of San  
Francisco.

Montevisto, Cal., May 21.—Bryant, the new witness in the Durrant murder case, has this evening explained how he came to be in Emmanuel church at the time of the murder of Blanche Lamont. He says he was occupying furnished rooms at No. 273 Jesse street, but not being able to get work and out of money was turned out, and had no place to sleep. The first night he slept on a woodpile. The second he went to Emmanuel church and unlocked the door with a wire and went in to sleep for the night. He was awakened by a scuffling noise and heard sounds of suppressed breathing. Rising up and looking over the tops of the seats he saw a man take a woman and carry her in his arms, with one hand over her mouth, to the south corner of the church. Then he heard groans and heard the man say: "That kills that evidence, thank God." He slipped out of the church unobserved and stood in the shadow awaiting the coming out of the man, so that he could be sure that he was not mistaken in the person. About 10 o'clock the man came out and he walked past him and he observed his features carefully and knew it to be Rev. Mr. Gibson, the pastor of the church.

Mr. Bryant was born in Paris, France, but grew up in Kent, England, and went to California in 1847. He was a member of Captain Street's Company K, Second regiment, California cavalry, also an Indian scout. A prominent physician who has examined Bryant, says he is sane at present, though he finds by questioning him that he has had epileptic fits and that this trouble was inherent.

San Francisco, May 21.—Of all the wild stories and alleged confessions which have been aired in connection with the murder of Blanche Lamont, the statement of W. T. Bryant implicating Pastor Gibson as the murderer is unanimously regarded here as the most improbable yet published. Absolutely no credence has been given to it by the police, public or press. It is supposed that the inmate of the Colorado saloon and soldiers' home is either demented or a crank with an abnormal thirst for notoriety. A dispatch from the home to-day states that Bryant still sticks to his story—that the reason for his long silence was disinclination to return to California. He says he cannot remember the day of the week or in what month the murder occurred, but that he saw an account of it in the San Francisco papers on the following day. Miss Lamont was murdered on the afternoon of April 3 and her body was not found until 16 days later, and then for the first time the story of the murder was published.

There is not expected that the governor will make any decision regarding Durrant's application for clemency for several days. There is some talk of a reprieve for the condemned man, but it has evidently been started by the friends of Durrant. There appears to be no foundation for the rumor.

### He Believes It Himself.

Denver, May 21.—A special to the Times from Montevisto, Cal., says: William T. Bryant's statement about the murder of Blanche Lamont is creating wide interest. Bryant to-day reaffirmed his statement, though he was not disposed to talk much and stoutly refuses to tell why he was in Emmanuel church the evening of the murder. He says he does not want to go to California, and if he goes he must be brought back.

There is abundant evidence as to his sanity, though there are those who think him a little weak-minded. Some claim he is seeking notoriety or wants to take a trip to the coast at public expense. He seems sincere and careful examination does not find any flaws in his story. He does not remember the day of the week or month when he saw the affair in the church, but says the account of the murder appeared next morning in the San Francisco papers.

### Headley Eulogizes Cleveland.

St. Paul, May 21.—Ex-Governor Headley of Ohio, counsel for the United States, was heard to-day in the petition for intervention of the Credit Commission suit before Judge Sanborn. Governor Headley contended that the Credit Commission and bridge companies were neither necessary nor proper parties to the action, and that it would simply be incumbering the case to allow intervention. Governor Headley said he had been instructed by the government to secure every lawful advantage, and concede nothing that was not fair and just. He denounced emphatically the insinuation that there was a combination between the government and the reorganization committee in the proposed sale to the latter, and paid a high compliment to the ability and integrity and honesty of Grover Cleveland.

### Old Snarling Mother Spain.

Madrid, May 21.—In the chamber of deputies to-day Senor Canovas, the premier, said: "Spain's relations with other powers continue cordial, but the advice which the Americans are offering to us cannot be followed, because Spain will never accept any intervention in a matter which peculiarly concerns herself. The government has accepted full responsibility for everything which has been done by Captain General Weyler."

### Death of Norman J. Merriam.

Special Dispatch to the Standard.  
Spokane, May 21.—Norman J. Merriam, government engineer, who has lived in "Coeur d'Alene City" for four years past, died to-day at the residence of his brother, Rufus Merriam, of this city, from liver trouble. He was a brother of Colonel H. C. Merriam, U. S. A., and Captain Lewis Merriam, U. S. A. He leaves a widow and a daughter. He was well known throughout the West.

### Baptist Publishing Society.

Pittsburg, May 21.—The second day's session of the American Baptist Publishing society opened with 200 delegates present. The report of the publishing department showed that the circulation of the society during the year had reached 68,503,700. The annual report of the board of managers showed very encouraging results. The total amount of sales in merchandise and periodicals amounted to \$907,296. The society had 28 missionaries in the field, had given away 7,789 books and distributed

628,928 pages of tracts. The report of the treasurer showed that receipts from all sources were \$1,066,335; assets are \$972,708, while the liabilities are \$102,104, leaving the net assets \$870,604. The committee reported that the revision of the Old Testament was proceeding satisfactorily and would soon be completed. At the Sunday school session in the afternoon P. H. Bristow of Washington spoke on "How to Make Sunday School a Greater Power for Good."

### BAD INDIANS.

Tongue River Settlers in a State of Terror—No Trace of Hovers.  
Special Dispatch to the Standard.

Miles City, May 21.—A letter from Mr. Barringer of Glendles, Mont., states that no trace of John Hovers, the missing sheep herder, has been found, and the theory that he has been killed by Indians is strengthened. Several persons were in town to-day from Upper Tongue river and report that settlers are becoming uneasy on account of the continued depredations of Indians, who are massing and making preparations for future trouble. They are insolent and sullen, and it is dangerous for settlers to go about alone for fear that they should run on a band of Indians killing stock, which means murder by Indians. The settlers say they can get no relief from the agency. Joseph T. Brown, a prominent stockgrower in that section and a member of the legislature from this county, asked the agent for protection, but could obtain no satisfaction. Settlers have made application to the authorities. The sheriff will leave to investigate and take proper action to find the body of Hovers.

C. B. Swift and party arrived in town, having come down the Yellowstone river in a boat, working the sandbars along for gold. They said about 100 worth here, some of which they obtained on the sandbar near Hathaway's station. They continued on the way to Glendive.

### NEWS FROM JAPAN.

The Government Expresses Indignation at Hawaii's Action in the Immigrant Case.

San Francisco, May 21.—The steamer Belgic arrived from the Orient to-day flying the yellow flag and was immediately placed in quarantine at Angel island. When boarded, however, it was found that there was no sickness aboard, but that a case of varioloid had broken out while the vessel was in Japanese waters and the patient had been sent ashore at Hakodate. The Belgic touched at Honolulu and brought advice from there to the effect that the resident Japanese minister visited the Hawaiian foreign office on May 11 and presented the correspondence received from his government per the Nantawa regarding the case of the rejected immigrants to Minister Cooper, but no action had been taken in the premises when the steamer sailed hence. It is understood the Japanese government demands damages from that of Hawaii for the refusal of the latter to allow the immigrants to land, and in the event of its refusal to pay the amount demanded will insist upon knowing its reasons therefor. Both Minister Shimamura and Counselor Akimura are emphatic in their assurance that Japan will not submit to arbitration in the event of Hawaii's refusal to settle, but neither would commit himself as to what the Japanese government has proposed to do in that case.

### Tongue of Oregon Injured.

Washington, May 21.—Representative Thomas H. Tongue of Oregon was struck by a cable car near the corner of Pennsylvania avenue and Sixth street to-night and painfully injured. He received a number of severe cuts and bruises. He was taken to Providence hospital, where it was found he had sustained a cut on the left cheek and another over the left eye. No serious consequences are apprehended.

### Texas Legislature Adjourns.

Austin, Tex., May 21.—The Twenty-fifth legislature came to a final close at 3 o'clock this afternoon. It is generally understood that the governor will call them together again at some future date, and demand the reconsideration of the general appropriation bill, the scaling fee and a redistricting bill.

## BAD BLOOD ASTIR

DISGRACEFUL SCENES IN THE SPANISH CORTES.

The Duke of Tetuan Knocks Senor Comas Down, and Now There's a Duel on the Boards.

Madrid, May 21.—The Duke of Tetuan, minister of foreign affairs, has resigned as a result of the incident in the senate to-day, when he boxed the ears of Senor Comas. Senor Canovas, the premier, will take the portfolio ad interim. The liberals of the senate have decided to attend no more sessions of the senate until full satisfaction has been accorded to Senor Comas and the liberal party by the Duke of Tetuan.

The Duke of Tetuan and Senor Comas have selected seconds as a preliminary to a duel.

The seconds of the Duke of Tetuan and Senor Comas have decided that as the aggressions were reciprocal a duel is not necessary.

Madrid, May 21.—The exciting incident which culminated in a free fight was provoked by the statement of the Duke of Tetuan that Senor Sagasta's speech the other day to the liberals had contributed to bring about the vote in the American senate. General Luis Pando said: "The thing now happening is due to the cowardice and feebleness of the government." Senor Comas said: "You will discuss that to-morrow."

"We will discuss it," replied the Duke of Tetuan, "but I will accept dictation from nobody."

"No, I either," retorted Senor Comas at the top of his voice. At this point the Duke of Tetuan, pale with excitement, boxed both the ears of Senor Comas and felled him to the floor. The son of Comas threw himself upon the duke and struck him a heavy blow with his fist. Several persons intervened and a general scuffle ensued with great confusion and it was some time before order was restored.

The Duke of Tetuan tendered his resignation immediately after the incident. It is believed that he misunderstood the reply of Senor Comas, as he is regarded as an extremely courteous and honorable man.

Senor Comas is a professor in the University of Madrid, and is held in high esteem in scholastic and political circles. Senor Canovas, Senor Sagasta and the president of the senate had a long conference on the subject, but all maintain the greatest reserve. The senate resumed its session this evening but no reference was made to the incident.

### Exasperating.

Jack—It must be pretty tough to have a highwayman order you to stand, and then Harry—I suppose so, but, hey, ens, it's nothing to having a policeman tell you to move on!

## DEAD TOUGH BANDIT

Just One of a Lone Highwayman on a Steilacoom Car.

### WIDLEY MISSED HIS GUESS

Passengers on the Electric Car Out of Tacoma Treated to a Genuine Hold-Up and Sudden, Successful Collapse.

Tacoma, Wash., May 21.—A single robber, late this afternoon, held up and attempted to rob an incoming car on the Steilacoom electric line. About four miles out of the city a tall man, roughly dressed, hailed the car, which stopped to let him get aboard. As he got on the platform he pulled a blue dotted calico mask, having holes cut for the eyes, down over his face, produced a revolver and ordered Superintendent Dame of the motor line and Motorman Wellman to the rear of the car. They complied slowly and he followed ordering the men and the passengers to hold their hands up and the ladies to sit still. Dame and Wellman had entered a rear compartment used for carrying baggage and freight. The robber evidently thought them safely disposed of for he paid no more attention to them, but commenced relieving George B. Evans, the conductor, of his valuables. This done he commanded William E. Hacker, a broker, to stand up and be searched.

In the meantime Superintendent Dame had taken out his revolver and came in behind Hacker, where he awaited an opportunity of shooting. A moment later he placed his arm on Hacker's shoulder and fired at the robber, who returned the fire. Dame fired two shots and the robber two minutes later lying dead while Dame had been shot in the arm and Jewett, a passenger, in the leg. One of Dame's bullets passed through the right arm of the robber and the other through the left arm, both entering at what seems to be exactly the same spot. They entered his body, striking his lungs or heart. Groaning heavily, he staggered backward to the front platform and fell off the steps, head downward, his feet resting on the track.

The bones in Dame's left forearm are shattered. Jewett has a serious injury in his leg. The robber's third bullet passed through the door of the baggage compartment and struck Motorman Wellman on his left breast, but inflicted no injury.

The robber's body was placed on a car and brought to town, where it lies awaiting identification. He has very dark hair, dark blue eyes and a dark brown moustache. He was six feet two inches in height and apparently 35 years old, well built. The only distinguishing mark is a heavy dent or scar, apparently an old bullet wound, which commences in the center of his forehead at the hair and extends upward an inch and a half.

### ON THE TRACK.

At Louisville.  
Louisville, May 21.—With good fields and a fast track the sports were above the average at Churchill Downs to-day. Of the five events three went to outsiders. Duinois, the favorite won the Fran Fair stakes of one mile. The play of the day was made on Reprive, and from 12 to 1 the odds were cut in two. Something like \$5,000 went on him, principally from the stable. Just as the flag fell Reprive was caught in the starting machine and was sent to her knees. Her head was thrown back until it almost hit Jockey Hill. She was 25 lengths behind when she again got to motion. Duinois showed the way the entire distance, winning handsily.

Kansas City, May 21.—Sim Glover of Rochester, N. Y., this afternoon became the American champion shot and defender of the Kansas City Star cup, having killed 30 straight birds and outdistanced 61 competitors. The contest began yesterday morning with 62 entries. It was a 25-bird race for the wing championship of America and the Star cup, with a guaranteed purse of \$1,000. When darkness stopped the shooting last evening Glover and J. M. Crabill of Clarinda, Iowa, out of about 30 who had shot alone stood with clean scores of 25 birds. The shooting was resumed this morning and finished this afternoon. Glover, Crabill and Duke Lamb and C. C. Herman, both of Kansas City, who had killed their 25 straight, began the shooting off at five birds apiece. Crabill was the first to drop out, losing his first bird out of bounds. Lamb was the next to lose, losing his fourth bird. Herman lost his fifth, leaving Glover with a score of 30 straight. In the shoot-off Glover was as steady as a clock and killed his birds cleanly with center shots.

### CRIMINAL ACTION.

Judges of Election "Fix" Returns and Pummel a Protesting Clerk.

St. Louis, May 21.—Prosecuting Attorney Johnston to-day issued warrants for the arrest of four judges of election and one clerk for alleged frauds perpetrated at the school board election last Tuesday. The men charged with signing false returns are William Moeller, republican; James G. Moran, democrat; C. H. Schockmiller, republican, and Thomas Carey, democrat, and Thomas Dunn, democrat. The last named was one of the clerks at the Ninth precinct in the Fourteenth ward and the four others were judges of election at the same place.

The attention of the election commissioners was first called to the condition of affairs in the precinct named by Edward R. Johnson, republican, who was a clerk with Dunn on election day. The story told by Johnson was to the effect that after the polls had been closed the four judges decided to fix up the returns to suit themselves. Johnson protested against this procedure and was told to shut his mouth. He protested again and was informed that if he did not keep still he would be thrown out of the building. He refused to sign after the others had done so and they knocked him down and kicked and pummeled him.

## PAT LOST HIS ROLL

THE SHEPHERD DISPLAYED HIS CASH IN BAD COMPANY.

Big Timber Proposes to Join the Procession on the Fourth—Gladders Kill Horses.

### Special Dispatch to the Standard.

Big Timber, May 21.—Pat Kennedy, a sheep herder, came to town last night having in his pocket about \$500, his savings for nearly two years. He fell into the hands of the Philistines, particularly one Johnson, who got a ticket of leave from Livingston some months ago, and until a few days ago had been residing in Billings. The result was that this morning Kennedy was minus his money and complained to the sheriff. Johnson had boarded No. 1 and a telegram caught him at Livingston just as he was preparing to board the Park train. He will be brought here in the morning. Meanwhile County Attorney Fox is making vigorous efforts to recover some of Kennedy's roll, with good chances of succeeding.

Big Timber will celebrate the Fourth. This was decided at a public meeting to-night, when committees were appointed and the ball set to rolling. A first-class race track is being constructed close to town and liberal purses will be offered for the contests.

State Veterinarian M. E. Knowles is in town to-day on his return to Helena from a visit to Sweet Grass, where he destroyed five horses belonging to Herman Uttermohr that were afflicted with glanders. Mr. Knowles appointed Dr. W. A. Moore deputy and a general roundup of horses of the county for examination has been ordered, so that the disease, if prevalent, may be stamped out.

### Robbed and Murdered.

Pittsburg, May 21.—E. S. Fleischer, a real estate man, was robbed and murdered on his way home shortly after midnight. The crime was committed on the Lincoln avenue bridge. After robbing Fleischer his assailant threw him over the bridge into the ravine, 90 feet below. When found half an hour later he was still living, but died on the way to the police station. He was a member of high degree in the Masons, Odd Fellows and other organizations.

### The Pooling Bill.

Washington, May 21.—The interstate commerce commission has sent a letter to Senator Cullom, chairman of the committee on interstate commerce, in reply to a request for suggestions regarding the pooling bill. All members of the commission oppose the passage of the pooling bill, while cases are pending in the United States supreme court involving the most important provisions of the interstate commerce acts.

## SUICIDE IN A HOTEL

P. G. Martin, a Recent Arrival From Butte, Takes His Life.

### HIS MOTIVE IS A MYSTERY

A Confirmed "Dope" Fiend Reaches the Goal—John Bloor Is Out of Jail—Opening of the Remodeled Library.

### Special Dispatch to the Standard.

Helena, May 21.—The body of P. G. Martin, who came to this city from Butte Saturday night, was found in a room in the International hotel on Main street this afternoon. The man had been dead since 4 o'clock yesterday morning. The chambermaid heard a shot fired at that time, but did not make any inquiry and forgot it until this afternoon. Martin had shot himself through the head. He had \$88 on his person, a gold watch and chain and a trunkful of clothes. He paid for a week's lodging on Saturday night. So far as is known he had not been drinking or gambling, and the motive for self-destruction is a mystery. Martin was formerly section foreman on the Denver & Gulf line and the Denver, Leadville & Gunnison railroad in Colorado. He was a Knight of Pythias and a member of Trinidad lodge No. 14, I. O. O. F. Martin was about 55 years old. The coroner's inquest held this evening failed to explain the cause of the rash act. It was thought that he was insane.

### Dr. Vandyke Dies in Jail.

Dr. A. L. Vandyke, better known throughout the state as Dr. R. Moad, died in the county jail this afternoon from the effects of cocaine and morphine. He was a confirmed "dope" fiend and had been ordered out of town by the city marshal two weeks ago. He failed to go and was arrested yesterday and sent to the county jail, being given a sentence of 90 days. He had been on the verge of collapse for some time. Vandyke was a few years ago a prosperous dentist, doing a big business in San Francisco. He has a sister in California. He practiced dentistry in Marysville about six months, but was ordered to stop professional work by the state board of dental examiners until he obtained a certificate. From papers on his person it is known that he had lived some time in Butte; that he had visited Anaconda, Billings and a number of east side cities. He was about 38 years old. A letter from Butte, bearing date of May 21, 1896, was found among the possessions of the dead man. The letter was signed by "May Vandyke," supposed to be his wife.

### Bloor Out of Jail.

John Bloor walked out of the Lewis and Clarke county jail to-night. His wife arrived at 8:30 o'clock this evening from Butte on the delayed train with the bond. She was met at the depot by E. A. Carleton, of Bloor's counsel, and was driven to the jail. Mr. Carleton took the bond before Judge Smith, who approved it and signed an order releasing Bloor from custody. The bond was for \$5,000 and was signed by Adolph Pincus and P. J. Brophy of Butte.

### And Hatcher Is Out, Too.

B. D. Hatcher submitted a \$10,000 bond to-day, which was approved by Judge Knowles, who directed that he be released from even nominal custody. Mr. Hatcher's bondsmen were Paris Gibson, F. George Heldt and J. J. H. Sheppard of Great Falls.

### The Remodeled Library.

The remodeled public library was opened to-night. The event was properly celebrated by a big demonstration at the Auditorium. The large audience heard addresses by ex-Governor J. K. Toole, T. J. Walsh and others. The capacity of the library was doubled by the improvements just completed.
